The latest in a series of such services was offered in the online version by Saab guy Leon, which is itself the owner of the Saab 9-5. He owned his 2000 9-5 for a little over ten years. As time went by he found himself looking through repair manuals more frequently. SAAB Workshop Information System (WIS) was a go-to software for dealership to determine how to actually fix the car. Unfortunately, this is an old software and it takes a bit of effort to install on modern windows machines.
