Conclusion. Scroll up and tap on the Buy Now button to purchase this book.

What is Amazon Alexa all about? Well, in essence, this is a small tool developed by Amazon, which can act as a personal assistant through voice interaction and music playback. You can also stream podcasts, make a to-do list, use its home automation function to control smart devices around the house as well as performing other duties. In most cases, you can always activate the device using a wake-word, or push a button to activate the device 's listening mode, and Amazon is always working on making Alexa better. The device is worth
