Torn between duty to the Egyptian pharaoh, Ramesses, and duty to his people and their traditional beliefs, Shabaka finds himself having to cope with an unwanted betrothal, rioting locals, and the traditional dance festival, when all he wants to do is find his missing partner, Neti. While Moses is summoned to assist, aid comes in the most unlikely manner and uncovers something far more dangerous than mere desert raiders ...The Prince of Nubia returns us to a land steeped in mystery and magic. It paints a detailed picture of Ancient Egypt in all its glory. Faithfully recreating one of the most remarkable eras in Egypt's history, author Nathaniel Burns weaves a shudderingly ominous tale of ancient Egypt's mysteries revealed through a cast of characters the modern reader will recognize even though millennia have passed. So light up the incense, sit close to the light and draw back the curtains on the shadowed past with this gripping tale of love and intrigue among the living and the dead in one of history's most intriguing civilizations.

The alien influences behind the rise and fall of Egypt's Golden Age • Explains how Akhenaten was the last pharaoh entrusted with the sacred and ancient alien knowledge of stargates, free energy, and antigravity technologies • Reveals how the Brotherhood of the Snake, a secret society of reptilian aliens, sought to destroy Akhenaten and suppress the sacred knowledge of the pharaohs • Explores the original purpose of the pyramids—to transmit energy to expand consciousness—and how they were decommissioned after the Great Flood The sophisticated civilization of ancient Egypt arose seemingly overnight, complete with advanced levels of art, agriculture, astronomy, and physics. Then, with the death of Pharaoh Akhenaten, much of this higher knowledge was lost—or suppressed. But evidence of this former Golden Age, the alien visitors behind its rise, and those behind its decline still exists—some of it in plain sight. Examining the purposefully obscured reign of Akhenaten and Nefertiti, Xavian Haze explains how they represent the last dynasty with access to the sacred knowledge of stargates, free energy, and antigravity technologies, knowledge handed down from an advanced interstellar race in the remote past. He reveals how the reptilian race known as the Shemsu Hor infiltrated the Egyptian priesthood and banking systems and formed the Brotherhood of the Snake—a secret society set on destroying Akhenaten's flourishing kingdom and suppressing the sacred knowledge of the pharaohs. Haze examines the evidence of aliens in ancient Egypt, such as the reptilian beings depicted in the Temple of Hathor and Thutmose III's alien encounter. He shows how Akhenaten and his family are always portrayed with elongated skulls and explores the connection between ancient aliens and Mars, including the Martian materials used in Egyptian monuments. He explains the original purpose of the pyramids—to transmit uplifting energy throughout the planet to help expand consciousness—and explores how they were decommissioned after the Great Flood of prehistory. He reveals how the original builders of the pyramids foresaw humanity's fall from the Golden Age and strategically encoded these magnificent structures to wake humanity from the depths of the Dark Ages.
