Changing Transmission Fluid In Tuff Transmission fluid should be changed based on the vehicle manufacturer's recommendations. If you can't find that interval, every 30,000 miles is a safe bet. An automatic transmission that shifts roughly, slips or is noisy might also benefit from a transmission fluid change. A low fluid level can also cause these drivability issues, so check the level before you replace the fluid. [How to Change Transmission Fluid | Advance Auto Parts](#)

Changing Transmission Fluid In Tuff Torq K574

Tuff Torq recommends a 5w50 synthetic oil for the K46 boxes. Same basic unit (I think). There are a couple magnets inside the case on these and can have some serious build up on them.

Transmission fluid should be changed based on the vehicle manufacturer's recommendations. If you can't find that interval, every 30,000 miles is a safe bet. An automatic transmission that shifts roughly, slips or is noisy might also benefit from a transmission fluid change. A low fluid level can also cause these drivability issues, so check the level before you replace the fluid.

How to Change Transmission Fluid | Advance Auto Parts

My John Deere has the K62 transaxle and there was some confusion as to which fluid to use, J20C HY-GARD High Viscosity or 5W-50 motor oil. I emailed Tuff Torq and they said either will work fine but the J20C HYGARD will work better in the cooler months. I went with Napa J20C Heavy duty tractor and transmission fluid.
