Zone Construction

The construction of this complex megastructure was designed to be carried out in six phases and different contractors worked on the site. In 1964 John Laing and Son Ltd won the tender for housing phase III and they finished Speed House in 1968. The company were also responsible for the construction of the Barbican Arts Centre (phase V) which was begun in the early 1970s and completed in 1981.

A construction area is a part of the classroom dedicated to construction play. That is, it's a part of the classroom where children can experiment with construction materials, like wooden bricks, sand and Lego. They are a common sight in classrooms for children aged 5-7. Construction activities don't involve any set goal or outcome in mind.
