While many texts characterize themselves as having either a “user” approach or a “preparer” approach, Williams’ Financial Accounting is written for faculty who want to strike a balance between these approaches. Business majors will find relevance in the “Ethics, Fraud & Corporate Governance,” “Your Turn” and “Case in Point” boxes throughout the chapters while accounting majors will receive a firm grounding in accounting basics that will prepare them for their intermediate course.

The text and images in this book are in grayscale. A hardback color version is

available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922936. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

With the sixteenth edition of *Financial and Managerial Accounting: The Basis for Business Decisions*, the Williams author team continues to be a solid foundation for students who are learning basic accounting concepts. In this revision, the authors have added to and refined the coverage of International Financial Reporting Standards (IFRS), particularly in Chapter 15 ("Global Business and Accounting"). Hallmarks of the text—including the solid Accounting Cycle Presentation, relevant pedagogy, and high quality, end-of-chapter material—have been updated throughout the book.

pedagogy, and high quality, end-of-chapter material—have been updated throughout the book.

"As our eyes are drawn upward to the skyline of great cities, it's important to remember that these impressive constructions are able to reach such heights only because their foundations are strong. In much the same way, being successful in the business world begins with fundamental courses like financial and managerial accounting. It is only when students have a firm grasp of concepts like the accounting cycle and managerial decision making that they have a base on which to stand, a strong foundation on which to grow. In this edition, as before, the Williams team has revised the text with a keen eye toward the principle of helping students establish the foundation they will need for future success in business. However, through new coverage of International Financial Reporting Standards and a revised globalization chapter, the Williams book also introduces students to larger themes and evolving concerns. This dual emphasis allows students to keep their eyes trained upward even as they become solidly grounded in accounting fundamentals"--

This text is highly respected for its authoritative coverage, excellent examples, and extensive assignment options. It reaches beyond cost accounting procedures to consider concepts, analyses, and management.

Activate Learning with Warren/Reeve/Duchac's, *MANAGERIAL ACCOUNTING*, 12e, International Edition! Market-leading *MANAGERIAL ACCOUNTING*, International Edition has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren offers students clear guidance to complete homework with an efficient presentation for today's learner. The high impact writing style and streamlined design makes important information accessible, with a focus on providing the best and most complete examples. The Complete Learning System in *MANAGERIAL ACCOUNTING*, International Edition and CengageNOW is built around the way students use textbooks and online resources to learn, study and complete homework, allowing them to achieve ultimate success in this course. New to this edition, the authors created innovative, unique content that is focused on unique student and instructor needs before and after lecture – and the type of activities best-suited to each point in learning. New content like the author-written Activation Exercises, helps students come to class more prepared, and enables them to more easily connect the dots, enhance their depth of knowledge and have better tools for remediation and review. The end goal of Warren/Reeve/Duchac's text and technology learning system is to Activate Learning & create more empowered & prepared students--ready to take on the rest of their educational and career goals.
