An introduction to drawing, cartooning, and capturing the essence of a subject all while having fun. It features step-by-step instruction from Professor Blook, Loomis' alter ego on the page.

I'd Love to Draw is a collection of work by the innovative American artist Andrew Loomis, previously unseen by anyone outside the Loomis family and available in print for the first time ever. Having been held in the Loomis family archive for decades after the artist's death, I'd Love to Draw has been restored by a group of devoted experts, including the globally renowned comic book artist and Loomis devotee Alex Ross.

The illustrator Andrew Loomis (1892-1959) is revered among artists - including comics superstar Alex Ross - for his mastery of figure drawing and clean, Realist style. His hugely influential series of art instruction books have never been bettered, and Figure Drawing is the first in Titan's programme of facsimile editions, returning these classic titles to print for the first time in decades.

I tried to make sense of the Four Books, until love arrived, and it all became a single syllable.

During his career as one of America's most sought-after illustrators, Andrew Loomis (1889-1959) taught at the American Academy of Art in Chicago, and in 1939 he codified his lessons in his first manual, *Fun with a Pencil*. Four years later it had already been through six printings, and he followed up over the next two decades with a series of even more successful how-to books that remain the gold standard for artists to this day. *Creative Illustration* is considered Loomis's magnum opus, which was aimed primarily at the professional-level illustrator. Divided into seven sections: Line, Tone, Color, Telling the Story, Creating Ideas, Fields of Illustration, and Experimenting and Studies, this book is filled with instructions, tips, insider experiences, and incredible illustrations.

The illustrator Andrew Loomis (1892-1959) is revered amongst artists - including the great American painter Norman Rockwell and comics superstar Alex Ross - for his mastery of figure drawing and clean, Realist style. His hugely influential series of art instruction books have never been bettered. *Drawing the Head and Hands* is the second in Titan's programme of facsimile editions, returning these classic titles to print for the first time in decades.
