Hill of Great Darkness is a good story that
could have been fantastic. The elements are
all there, waiting to be teased out by a
gifted editor. I'd love to see what Marcher
Lord Press would have done with this. The
novel is well worth reading, and the ending
sets up an intriguing situation for a sequel.

Reginald ...

Yet Hill always leaves little glimmers of hope amidst the shadows, like votive candles flickering in a darkened cathedral. There is darkness, certainly, but not despair. From a brief persual of the other reviews, people tend to either love or hate these books. I happen to love them and look forward to reading the rest of the series.
