How do Muslims in Europe acquire discursive and practical knowledge of Islam? How are conceptions of Islamic beliefs, values and practices transmitted and how do they change? Who are the authorities on these issues that Muslims listen to? How do new Muslim discourses emerge in response to the European context? This book addresses the broader question of how Islamic knowledge (defined as what Muslims hold to be correct Islamic beliefs and

the findings of empirical research in these issues from a range of European countries such as France, Italy, the Netherlands and Great Britain. As such it has a broad appeal, and will be of great interest to students and scholars of Islamic studies, anthropology, sociology and religion.

Ritual and practice are one of the most distinctive features of religion, and they are linked with its central beliefs. Islam is no exception here, and this Handbook covers many aspects of those beliefs and practices. It describes the variety of what takes place but mainly why, and what the implications of both the theory and practice have for our understanding of

Islam. The book includes accounts of prayer, food, pilgrimage, mosques, and the various legal and doctrinal schools that exist within Islam, with the focus on how they influence practice. The volume is organized in terms of texts, groups, practices, places, and others. An attempt has been made to discuss the wide range of Muslim ritual and practice and provide a sound guide to this significant aspect of the religious life of one of the largest groups of believers in the world today.

This volume is the first to bring together analysis of contemporary female religious leadership in ideologically-diverse Muslim communities in the

The Muslim world is not commonly associated with science fiction. Religion and repression have often been blamed for a perceived lack of creativity, imagination and future-oriented thought. However, even the most authoritarian Muslim-majority countries have produced highly imaginative accounts on one of the frontiers of knowledge: astrobiology, or the study of life in the universe. This book argues that the Islamic tradition has been generally supportive of conceptions of extra-terrestrial life, and in this

engaging account, Jörg Matthias Determann provides a survey of Arabic, Bengali, Malay, Persian, Turkish, and Urdu texts and films, to show how scientists and artists in and from Muslim-majority countries have been at the forefront of the exciting search.

Determann takes us to little-known dimensions of Muslim culture and religion, such as wildly popular adaptations of Star Wars and mysterious movements centred on UFOs. Repression is shown to have helped science fiction more than hurt it, with censorship encouraging authors to disguise criticism of contemporary politics by setting plots in future times and on distant planets. The book will be insightful for anyone looking to explore the science, culture and

explain the persistence of sectarian affiliations in Iraq since its creation following the dismemberment of the Ottoman Empire. Despite the adoption of homogenizing state policies, the uneven sectarian composition of the ruling elites nurtured feelings of political exclusion among marginalized sectarian groups, the Shicites before 2003 and the Sunnis in the post-2003 period. The book then examines how communal discourses in the educational curriculum provoked masked forms of resistance that sharpened sectarian consciousness. Tracing how the anti-Persian streak in the nation-state's Pan-Arab ideology, which camouflaged anti-Shicism, undermined Iraq's national integration project, *Sectarianism in Iraq* delves into

the country's slide from a totalizing Pan-Arab ideology in the pre-2003 period toward the atomistic impulse of the federalist debate in the post-2003 period. Employing extensive fieldwork, this book sheds light on the dynamics of political life in post-Saddam Iraq and is essential reading for Iraqi and Middle East specialists, as well as those interested in understanding the current heightening of sectarian Sunni-Shicite tensions in the Middle East.

This book examines a wide array of phenomena that arguably constitute the most noxious, extreme, terrifying, murderous, secretive, authoritarian, and/or anti-democratic aspects of national and international
