10 Best LEGO Technic Sets for Experts! (Nov 2020 Review)

Technic motor 2838 is a real power hog, with poor efficiency, but it can deliver 30% more power than Minimotor. Minimotor 71427 is probably the best performer of the pack overall. The new 43362 is roughly equivalent to 71427, with slightly degraded performances. But its light weight can be a boon for many uses.
