"Curieux de tout, pointant leurs longues-vues vers les us et coutumes du monde entier, mais trouvant le monde trop petit à son tour, les Japonais sont partis depuis longtemps à la conquête d'autres planètes... Aller au Japon, c'est aller bien plus loin." En croquant les looks des tribus urbaines de Tokyo, des plus anodins aux plus excentriques, Antoine Kruk réalise un portrait moderne des habitudes et des temps forts de cette ville surprenante. Il capte avec beaucoup d'humour l'air du temps d'une société qui a la faculté de se réinventer sans cesse, entre tradition et fascination pour l'Occident. Près de 200 dessins au trait incisif, toujours élégant, accompagnés de textes drôles et tendres, jalonnent ce parcours fictif, du matin jusqu'à tard le soir, dans le Tokyo d'aujourd'hui. Préfacé par Kenzo Takada.

Meet moimoi—the colorful creatures who can soothe your crying baby! What are moimoi? Playful moimoi have bold stripes and big, bright eyes. Babies find them captivating and will even stop crying to look. Parents in Japan swear by moimoi and have purchased over 500,000 books! How do you say it? "Moi" (もい) is a fun nonsense word that rhymes with "koi." You can change how you say it to match what the moimoi are doing—as they dance, grow, and even sing . . . Where do they come from? At the University of Tokyo "Baby Lab," Dr. Kazuo Hiraki tested many different high-contrast designs. Babies looked at moimoi for twice as long as the competition. Your newborn or toddler will love moimoi, too!

Shortlisted for the 2013 Man Asian Literary Prize, *Strange Weather in Tokyo* is a story of loneliness and love that defies age. Tsukiko, thirty-eight, works in an office and lives alone. One night, she happens to meet one of her former high school teachers, "Sensei," in a local bar. Tsukiko had only ever called him "Sensei" ("Teacher"). He is thirty years her senior, retired, and presumably a widower. Their relationship develops from a perfunctory acknowledgment of each other as they eat and drink alone at the bar, to a hesitant intimacy which tilts awkwardly and poignantly into love. As Tsukiko and Sensei grow to know and love one another, time's passing is marked by Kawakami's gentle hints at the changing seasons: from warm sake to chilled beer, from the buds on the trees to the blooming of the cherry blossoms. *Strange Weather in Tokyo* is a moving, funny, and immersive tale of modern Japan and old-fashioned romance.

A shape-shifter arrives at Tokyo harbour in human form, set to embark on an unstoppable rampage through the city's train network... A young woman is accompanied home one night by a reclusive student, and finds herself lured into a flat full of eerie Egyptian artefacts... A man suspects his young wife's obsession with picnicking every weekend in the city's parks hides a darker motive... At first, Tokyo appears in these stories as it does to many outsiders: a city of bewildering scale, awe-inspiring modernity, peculiar rules, unknowable secrets and, to some extent, danger. Characters observe their fellow citizens from afar, hesitant to stray from their daily routines to engage with them. But Tokyo being the city it is, random encounters inevitably take place – a naïve book collector, mistaken for a French speaker, is drawn into a world he never knew existed; a woman seeking psychiatric help finds herself in a taxi with an older man wanting to share his own

peculiar revelations; a depressed divorcee accepts an unexpected lunch invitation to try Thai food for the very first time... The result in each story is a small but crucial change in perspective, a sampling of the unexpected yet simple pleasure of other people's company. As one character puts it, 'The world is full of delicious things, you know.'

"I'm here to take you to live with your father. In Tokyo, Japan! Happy birthday!" In the Land of the Rising Sun, where high culture meets high kitsch, and fashion and technology are at the forefront of the First World's future, the foreign-born teen elite attend ICS—the International Collegiate School of Tokyo. Their accents are fluid. Their homes are ridiculously posh. Their sports games often involve a (private) plane trip to another country. They miss school because of jet lag and visa issues. When they get in trouble, they seek diplomatic immunity. Enter foster-kid-out-of-water Elle Zoellner, who, on her sixteenth birthday discovers that her long-lost father, Kenji Takahari, is actually a Japanese hotel mogul and wants her to come live with him. Um, yes, please! Elle jets off first class from Washington D.C. to Tokyo, which seems like a dream come true. Until she meets her enigmatic father, her way-too-fab aunt, and her hyper-critical grandmother, who seems to wish Elle didn't exist. In an effort to please her new family, Elle falls in with the Ex-Brats, a troupe of uber-cool international kids who spend money like it's air. But when she starts to crush on a boy named Ryuu, who's frozen out by the Brats and despised by her new family, her already tenuous living situation just might implode. My Almost Flawless Tokyo Dream Life is about learning what it is to be a family, and finding the inner strength to be yourself, even in the most extreme circumstances.

What happens when large bugs get trapped on crowded Tokyo trains? How does allergy season affect Tokyo's millions? Ever wonder why Japanese love to take photos together or how everyone feels during rainy season? How is Tokyo made so compact and made as much from imagination as from concrete and steel? Longtime resident, writer and professor Michael Pronko shows just why Tokyo life is equal parts trial and joy. This collection offers up essential skills for living in the vastest, most crowded city in the world—sweating politely, suffering noise and glancing in mirrors—and muses over the minutest of daily details—window flowers, eye contact and small gestures of thanks. If you're traveling to Tokyo, these essays point you toward the undercurrents of life and if you've ever considered visiting Tokyo, these essays will give you more reasons to go. Tokyo's Mystery Deepens brings together essays from Pronko's monthly column in Newsweek Japan, which has remained highly popular with Japanese readers for the last ten years. Originally published in Japanese, these concise, pointed essays are available in English for the first time. As with the first collection, *Beauty and Chaos*, Pronko examines Tokyo as a city, a culture and an overpowering experience. *Tokyo's Mystery Deepens* taps into the enigmatic sides of Tokyo with humor, delicacy and a large dose of healthy confusion. Praise for *Beauty and Chaos*: "e;Japanese who are used to Tokyo are caught off guard by his conclusions derived from careful observation, and are struck dumb...Tokyo, the city we are so careless of, suddenly starts to become glorious. It is a wonder!"e; *Chunichi Shimbun* (Newspaper) (translated from Japanese version) "e;Giving up the bias and seeing the city with completely different standards, you will see the unexpected, attractive face of Tokyo. This book is a guide for rediscovering Tokyo that lets us see the city with unique new

features."e; Nikkan Gendai (translated from Japanese version) Japanese version available from KADOKAWA Publishers as: a E a aa a aeZaaSae-aae*aa a zaaa a a -a -a ae!-)

Japanese cuisine.

Starting from the happiness of waking up into a brand-new day, the book goes on to explore the kinds of relationships and contrasts that play out between our feelings and experiences every single day. Words and images play beautifully present these contrasts from left to right, and across a couple of long gatefold pages. Whether it's the nervousness of a beginning paired with the happiness of a middle; the indignity of a cut against the happiness of a scab; the boredom of nothing to do contrasted with the happiness of nothing to do; or the divide of mind against the happiness of our, these pages challenge the reader to think about daily activities and experiences and the feelings they conjure. They also lead us to think about the substance of our happiness, and what the ingredients of it might be. Written with subtlety and nuance and illustrated in pencil, pen and watercolor with great tenderness, *The Happiness of a Dog with a Ball in its Mouth* is a gentle, fun, and philosophical read, with which to both start and end the day.

No one ever chooses to stop at Black Rock Mesa, it's too desolate. The brutal wind, ever-present and temperamental, tests the willpower of the most stalwart residents. So, when a mysterious woman impulsively disembarks from a bus and gets blown into the town's general store, her presence causes quite a stir. She says little, but her Asian features earn her the nickname "Tokyo." Deciding to stay in town, she reveals little about her past, and is comforted to find little is asked. Slowly she comes to see that Black Rock is not like other towns -- due to the wind, everything, even time, works a bit differently. Black Rock, she learns, was founded by three prospectors looking for gold -- Noah, Shlomo and Apie. Noah, the most charismatic of the three, attracted quarrymen to this unforgiving place to tirelessly chip and haul the slate down from the mesa. But the big gaps left in the stories of the past hint to Tokyo that the town folk have secrets bigger than her own. No one is talking, not even the man Tokyo takes up with, Luke, Noah's son. This reticence suits Tokyo just fine, until one day a strange man shows up in Black Rock with revelations. Ultimately, no secret is immune.
