After escaping from their captors in a giant air balloon, five prisoners of the Civil War find themselves stranded on a deserted island. Despite their different backgrounds, they decide to band together and combine their talents to live on the island, which they named Lincoln Island. Cyrus is a railroad engineer, Gideon is a journalist, Neb is a man who escaped slavery, Pencroff is a sailor, and Harbert is Pencroff ' s protégé and son. Each man uses their skills in a different way, building houses, making inventions, and finding creative ways to live off of the island. One day, Gideon, the reporter desperate for human contact, decided to send a message via a bird. After a long period of isolation with no contact from the outside world, the men accept that they will likely spend the rest of their life on the island. Now, two and a half years later, the group finally spot a ship sailing nearby—a fantasy sight. Hopeful that it is the way off their island, the group of survivors work to gain the attention of the ship, fighting off pirates and braving the rough environment to finally escape. However, as they fight to leave Lincoln Island, the survivors discover that it had been harboring a shocking secret all along. The Secret of the Island is the third and final installation of Jules Verne ' s The Mysterious Island adventure series. Following The Mysterious Island and Abandoned, this exciting and mysterious adventure novel concludes the popular trilogy. The Secret of the Island is full of shocking twists and even features a surprise appearance of a popular character from another famous Verne novel. With detailed prose and memorable characters, The Secret of the Island depicts the satisfying reveal of mysteries present throughout the trilogy. This edition of The Secret of the Island by Jules Verne features a new, eye-catching cover design and is

Michael Strogoff: The Courier of the Czar (French: Michel Strogoff) is a novel written by Jules Verne in 1876. Critics, including Leonard S. Davidow, consider it one of Verne's best books. Davidow wrote, "Jules Verne has written no better book than this, in fact it is deservedly ranked as one of the most thrilling tales ever written." Unlike some of Verne's other novels, it is not science fiction, but a scientific phenomenon (Leidenfrost effect) is a plot device. The book was later adapted to a play, by Verne himself and Adolphe d'Ennery. Incidental music to the play was written by Alexandre Artus in 1880. The book has been adapted several times for films, television and cartoon series.

“ SIRE, a fresh dispatch. ” “ Whence? ” “ From Tomsk? ” “ Is the wire cut beyond that city? ” “ Yes, sire, since yesterday. ” “ Telegraph hourly to Tomsk, General, and keep me informed of all that occurs. ” “ Sire, it shall be done, ” answered General Kissoff. These words were exchanged about two hours after midnight, at the moment when

There were few countries which were so full of interest to the world as was Russia. In laying the scene of this story in this great empire, Jules Verne seems to have aimed to gratify his readers. A revolt in some of the remoter provinces makes it necessary for the Czar to communicate with his brother, the Grand Duke, at Irkutsk. Michael Strogoff, one of the corps of the couriers of the Czar, is selected for the dangerous service. His marvelous coolness, prudence, and courage are constantly and thoroughly tested in the course of his perilous journey, but atlast he falls into the hands of the insurgents. The story of his thrilling adventures is related with such vivid power as to make it seem like an actual narrative, while the descriptions of the country, of the people, and of their customs are evidently the result of actual study and close observation.
