Ninjas &

written by Erick

designed around
espionage and
martial arts
action in the
modern world,
similar to

~~Ninjas &

Ninjas &
Superspies is
loaded with a
lot of issues,
many of which
can be traced
back to two
things: Lack of

direction and
lack of cultural
sensitivity. Of
note, there was
not a single
Asian person, in
so far as I can
tell, who was
involved in the
writing or
design of this
game.

Aside from that little detail, Ninja & Superspies is still a good product and fun and certainly much faster and less complicated than the older (and notorious) Espionage and/or

which - in a
setting markedly
action-movie
style like this
one - it's
definitely a
bonus.
