Who Tells You is the first book in Dawn Dais's popular parenting series, followed by The Sh!t No One Tells You About Toddlers and The Sh!t No One Tells You About Baby #2. There comes a time in every new mother's life when she finds herself staring at her screaming, smelly "bundle of joy" and wishing someone had told her that her house would reek of vomit, or that she shouldn't buy the cute onesies with a thousand impossible buttons, or that she might cry more than the baby. Best-selling author Dawn Dais, mother of two tiny terrors, is convinced that there is a reason for this lack of preparedness. She believes that a vast conspiracy exists to hide the horrific truth about parenting from doe-eyed

expectant mothers who might otherwise abandon their babies in hospitals and run for it.

Eschewing the adorableness that oozes out of other parenting books, Dais offers real advice from real moms—along with hilarious anecdotes, clever tips, and the genuine encouragement every mom needs in order to survive the first year of parenthood. *The Sh!t No One Tells You* is a must-have companion for every new mother's sleepless nights and poop-filled days.

The fourth book in Dawn Dais's popular *Sh!t No One Tells You* series offers "been there, freaked out about that" advice for expectant parents. The fourth title

in Dawn Dais's popular parenting series, *The Sh!t No One Tells You About Pregnancy* is quite possibly the funniest, and most heartfelt, yet. After all, pregnancy is not all about scanning Pinterest for baby shower themes and registering for ironic onesies, and sometimes the less flattering aspects of gestation have a way of dimming a bit of that so-called pregnancy glow. Not to worry! Dawn is here, ready to shepherd you through the experience of one human body taking on the task of growing another human body. (Spoiler alert: It ain't always pretty.) Dawn covers it all, sharing expert lists, tips, warnings, and even a series of Parent-Training Workouts designed to increase readers'

The Sh!t No One Tells You About Pregnancy is a must-have guide for expectant moms (and their partners!) who are looking for some counsel, comedy, and camaraderie during their ultimate countdown to parenthood.

The third book in Dawn Dais's popular Sh!t No One Tells You series covers all a parent needs to know once the reality of having two children settles in. Around the time your first baby turns a year old your brain will turn on you. For reasons that are still not understood by science, the sleep

deprivation and postpartum hormones you barely survived with your first baby fade from memory and will be replaced with idyllic images of your growing child. This is when your brain, having officially lost all regard for your well-being, begins to fantasize about a second baby. And for the first time since becoming a parent these thoughts don't make you break out in hives. Before you know it, you are dressing your first child in "I'm Going to be a Big Sister!" T-shirts and catalog-shopping for bunk beds. This will be fantastic! But then that familiar morning sickness kicks in. And your adorable 18-month-old transforms into a two-year-old terror. That's when those hives

Cribsheet meets *The Sh!t No One Tells You* in this no-holds-barred, judgment-free parenting guide that sets the record straight on every hot-button parenting topic by longtime journalist and founder of the viral #NoShameParenting movement. From the very moment that little line turns blue, parents-to-be find themselves in a brave new world where every decision they make is fraught, every action they take is judged, and everything they do seems to be the wrong thing. Formula feed? Breast is best. Breastfeed in public? That's indecent. Cry it out? You're causing permanent harm to your child. Don't sleep train? Sh!t happens. Every day. Mae West was sent to jail for “corrupting the morals of youth” with her first Broadway play. Sh!t goes down every single day of the year, year after year. Sometimes it's a battle that changes the course of history, other times it's a life-saving medical advancement. Bravery is counter-balanced with cowardice. There is slavery and there is self-sacrifice. History is replete with deeds both noble and despicable. Some were motivated by greed, others generosity. Many dedicated themselves to the art of killing, while others focused their efforts on curing. There have been grave mistakes and moments of greatness. Confrontation and cooperation.

Early in the twentieth century Spanish philosopher George Santayana wrote, "Those who cannot remember the past are condemned to repeat it." But history serves not just as a warning; it also offers encouragement. Humanity is not endless suck. There is inspiration to be found amidst the atrocities. On This Day in History Sh!t Went Down will significantly expand your knowledge of world history in the most hilarious and profane way possible.
