Pc Transplant User Guide | azrmusic.net

PC Transplant lets you upgrade to a new computer by performing a real-time migration or by running a Personality Package file. Similarly, you can upgrade to a new operating system. PC Transplant also creates user accounts during migration. Real-time migration is the migration of the computer personality in real time, which eliminates the need to create Personality Packages. In real-time migration, you can map users and user properties, create user accounts, and install applications.
