The counterterrorism battle shifts to Southeast Asia in the second explosive Superhawks thriller from Mack Maloney, bestselling author of the Wingman series. A terrorist cell with direct links to al-Qaeda's leader captures Singapore's Tonka Tower Hotel, one of the world's tallest skyscrapers. The terrorists contact dozens of news organizations so the world can witness its destruction. News copters surround the building just as the Superhawks enter—rappelling from military choppers, guns blazing, disarming the terrorists' bombs seconds before they detonate. It would seem that kudos are due, but the Superhawks are supposed to be top secret. The Pentagon bigwigs are steamed and send in a team of Navy SEALs to wrangle with the Superhawks. But al-Qaeda is hatching a new plot involving Stinger missiles. Can the Superhawks stop it in time? Or will the sprawling American military bureaucracy trip itself up before they even have a chance to try?

In a post-9/11 world, an ultra-secret team of military specialists fights back, in four novels from the bestselling author of the Wingman series. Assembled by a mysterious superspy and operating without the political or bureaucratic oversight that can hamstring even the bravest fighting forces, the Superhawks are America's ruthless answer to 9/11. An ultra-elite force operating on the edges, they are the world's best sharpshooters, spies, demolition men, pilots, brawlers, and soldiers—and they all have a personal motive for revenge. In Strike Force Alpha, the Superhawks' mission is to kill Osama bin Laden. Hidden aboard the Ocean Voyager, this elite unit of assault troops carries out brazen, daring raids all over the Persian Gulf as it seeks its number one target: al-Qaeda's master mission planner. Strike Force Bravo begins with the Superhawks taking on a terrorist cell that's captured Singapore's Tonka Tower Hotel. But al-Qaeda is hatching a new plot involving Stinger missiles. Can the Superhawks stop it in time? Or will the American military bureaucracy trip itself up before they even have a chance? In Strike Force Charlie, dozens of al-Qaeda terrorists preparing to unleash attacks from the heart of America sneak into the United States under paper-thin disguises. The Superhawks team up with a group of civilians to protect the country, save thousands of lives, and purge the government of high-level traitors. And in Strike Force Delta, a supersquad from America's premier special ops unit, Delta Force, comes under attack in West Africa. Though they take out over fifty terrorists, the secret Delta Thunder team is captured. It's up to the Superhawks to invade the radicals' fortress, save the unit's men, and flatline the "crown prince" of terrorism before he can execute the hostages on live TV.
